FIRST QUARTERLY REPORT

CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET (“GEM”) OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

GEM has been positioned as a market designed to accommodate companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

The Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.

This report, for which the directors (the “Directors”) of First China Financial Network Holdings Limited (the “Company”) collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on GEM of the Stock Exchange (the “GEM Listing Rules”) for the purpose of giving information with regard to the Company. The Group recorded revenue of approximately HK\$2.00 million in the first three months of the year 2017, which is a decrease of approximately HK\$1.54 million compared with the corresponding period in 2016. This was mainly due to the continuing tightened policy of the PRC Government on regulating the precious metals trading and brokerage business in the PRC, the Group did not have revenue incurred for the period ended 31 March 2017 in these principal activities and approximately HK\$1.20 million was recorded for the period ended 31 March 2016.

For proprietary stock trading, the Group recorded an unrealized loss of approximately HK\$3.33 million and no realized profit or loss for the period under review.

As mentioned in 2016 annual report of the Group, the final judgement handed down by South China International Economic and Trade Arbitration Commission (Shenzhen Court of International Arbitration) against Yang Shunhong that he shall repay the refundable earnest money of RMB20.0 million to 首華證券諮詢(深圳)有限公司 (transliterated as First China Securities Consultancy (Shenzhen) Co., Ltd) ("Shenzhen First China"), a wholly-owned subsidiary of the Company, together with penalty and legal costs, in relation to the proposed acquisition of 100% of the registered capital of 民勤量子新能源有限公司 (transliterated as Minqin Quantum New Energy Co. Ltd.). The proposed acquisition was terminated as announced by the Company on 29 May 2015.

As neither the refundable earnest money, penalty nor legal costs have been received by Shenzhen First China, our legal adviser has applied to the Intermediate People's Court in Suining City, Sichuan Province, China on behalf of Shenzhen First China to include Yang Shunhong in the list of restricted high consumption, the list of dishonest persons and the list of restricted departures. The management will negotiate with the vendors on the settlement of the said refundable earnest money paid and our legal adviser will continue to follow upon the settlement of the refundable earnest money with the court in the PRC.

The decrease in turnover was mainly due to the decline in the precious metals spot trading and brokerage business which operated in the PRC.

Outlook

In the first quarter of year 2017, over 68% revenue of the Group came from the segments of trading of electronic student cards and school safety products. Since the customers tend to prefer and use BeiDou Navigation Satellite System (北斗衛星導航系統) ("BeiDou System") due to encouragement from the PRC Government, the Group will endeavor to resolve the technical issue in order to change the navigating chips of electronic cards and devices of the school safety network to coordinate with the BeiDou System. It is expected that such change can improve and enhance the revenue of the school safety network business.

Despite the stock markets downturn, the Group is confident and optimistic about the prospects of the stock markets. We will closely monitor the changes in the stock markets conditions in order to improve performance of the Group.

The Group will continue to develop other businesses and look for opportunities to expand the income sources in order to enhance the revenue of the Group.
